ECONOMIC RESCUE FOR THE LOCAL CHURCH

THE GABRIEL CALL...

Is the largest single initiative for financing evangelism through local churches in the history of Christendom. The program is best explained by its Goal and Mission Statements.

THE GOAL is to train and have fully operational by the year 2025, over one million Christians in business tithing funds to the local church. This will result in a minimum of 200 billion dollars being tithed to the local church for evangelism.

THE MISSION is to provide a cutting edge training program for pastors, facilitators and those wishing to become Kingdom Builders.

To reach this goals and achieve this mission, the World Centre for Entrepreneurial Studies has developed a unique training program called The Gabriel Call. The program is designed to support the authority of the local church in evangelism and to provide an effective economic platform for this. Our objective is to see the program fully operational in 50,000 churches in the English speaking world by 2025.
